## ISKALO DEVELOPMENT'S ELECTRIC TOWER HOSTS ART EXHIBITION

*University at Buffalo and Buffalo State College Students Exhibit Projects*

Iskalo Development Corp.'s historic Electric Tower at 535 Washington hosted the "Essential Mix" art exhibition from May 15-22, 2009. The exhibit opened May 15, 2009, with a private reception, and remained open to the public from Monday, May 18 through Friday, May 22, 2009, from 10 a.m. to 5 p.m. each day.

"Essential Mix" featured the work of Natalie Woysner, Juliun Brabon, Cory Brabon and John Sbriglia, as well as other artists from the University at Buffalo, Buffalo State College and the local community. The exhibition consisted of sculptures, paintings and a video performance.

One of the most recognizable buildings in the Buffalo skyline, the Electric Tower has been returned to its original grandeur including the comprehensive restoration of the building lobby and common areas, and a full building mechanical system replacement. The building combines modern office amenities with the charm and character present only in a true landmark setting. For more information on the Electric Tower, visit [www.electrictower.com](http://www.electrictower.com).
